Welcome to Moab, one of the most spectacular and diverse landscapes in the world!

Since 2002, ZAX has been a popular, locally-owned and operated dining spot. This original building was built in 1960 and was home to the Knowles Family Hardware and Furniture Store. Take a look around, you'll find a few timeless pictures of what Main Street used to look like in Moab.

Zax was founded by three castaways from the University of Colorado football team (including one member who grew up in Moab and worked at the original Knowles Hardware store where ZAX stands now when he was in high school). They all thought friendly service, cold drinks and damn good FOOD in one of world's most unique settings was worth a shot! We hope THAT you agree that they made The right decision!

From our family to yours, Welcome to ZAX!
